Have fun and enjoy!*

Thank you for your thoughtful work on this application. Please send in your application to initiate your admissions process. You have now completed the first stage of this process.

Second Stage of the Admissions Process:

For the second stage of the admissions process, please send us a recent report card from your current school, one character reference letter, one academic reference letter from a current or former teacher. An official transcript and medical records will be needed at some point but admittance is not contingent upon receiving these two documents however it is still imperative that we receive them. We understand that these two documents can take several weeks to receive or longer.

Third and Final Stage of the Admissions Process:

For the third and final stage of the admissions process, the intended student will need to shadow a day at AESA. Shadowing is an important stage of the process as it allows the student candidate to see if they would like to attend AESA. A meeting with the parents or one of the parents and Mrs. Garza, the Head of School needs to be arranged if it did not occur initially. The student candidate is welcome to attend the parent meeting as well.

If the student candidate applies in the summer, they obviously will not be required to shadow.
